

19 January 2024

Dear Parents

I thought I'd write and let you know some useful things to talk to and support your child with next week.

A general overview for each subject is attached – talking and checking they understand the different components for each of their exams would be very useful.

This is a link to all the fact sheets students should be using for revision for their exams after February half term - The link is: <https://link.nelt.co.uk/IGJFU>

French mock speaking exams will take place during **the week of 29 January**. Students have written answers for their general conversation which is 50% of the mark for this exam. You can support them by listening to them read their answers and testing them on their responses. Students need to be able to say their answers from memory and speak with confidence. It does not matter if you do not understand a word of French. Use our ideas for helping students to learn French general conversation question answers.

Finally, we are a 'nut free' school, can I ask that any food coming into school follows this rule.

Many thanks.

Yours sincerely

Alex Hook
Head Teacher
