

28 March 2024

Dear Parents

To let you know what is planned for year 11, please see the attached flyers. The details are saved on the website and social media.

The Easter Masterclasses attachment has the dates for events over the break. If it is a TEAMS session, they simply join through the link that will be in their calendar in Outlook or Teams.

They have all the resources they need on student POD.

If it's in school, they need to come to reception for the time shown.

Please encourage attendance.

The work that students do now can make a huge difference, if they are flagging please give every encouragement.

The best advice is to revise, little and often, breaking down and something rather than nothing.

'Revision is no going back and fussing around, but going forward into the process of creation.'

Like Nike - just do it

Yours faithfully

Alex Hook
Head of School
