

# NEW KITCHEN PRICE LIST

## STARTING SEPTEMBER 2017

In September we are increasing our prices in the dining hall and here's why:

- Our prices have stayed the same for almost five years, in this time the cost of food has risen.
- The meal deals will be rising by 20p to fall in line with the new Free School Meals value of £2.20.
- The service and quality of food we offer has improved significantly since the last increase.
- The menu choices are now much healthier meaning a lot more fruit, vegetables and home-cooked meals are on offer. This costs more but is better for your child's health.
- There will be more meal deal options with the new pricing - ensuring your child has a well-rounded meal each lunchtime.
- Even with our price increase, we are still offering one of the cheapest school meals in the area.

We believe that our school dinners are excellent value for money. We always have a wide range of meals on offer and we are constantly adapting our recipes to make them healthier and tastier.
